Action Taken Report

B.A. Students' Feedback- 2018-2019

Students have also given some suggestions with respect to the curriculum, its design and transaction in the institution. The action taken on the suggestions given by the Students is as under:

<u>Suggestions from Students</u>	<u>Action Taken on the suggestions</u>
The syllabus should be job oriented	The entire syllabus is designed at degree level with respect to provide the primary and basic knowledge of commerce and those students who wish to seek job pursue higher education also. This factor has been explained to the students giving suggestion in this regards.
The syllabus should be based on practical things of life.	The institution organizes visits and extension activities and also visits to the industry as per the MoU with different organizations and hence so many practical things are taught to the students along with the curriculum they study. The institution has decided to introduce some short term courses for the students in order to comply with this suggestion. In arts faculty most of the subjects are knowledge based and hence it is not possible in almost all the subjects of arts.
